

Jasper County Development District #1 Funding Guidelines

The Jasper County Development District #1 (known as the District) has available funds that can be used to promote tourism within the District. The District also partners with the Jasper Lake Sam Rayburn Chamber of Commerce to ensure that funds from either agency are used to promote tourism and that funds are not requested from each agency for the same purpose.

The District provides funds to assist in events. The District does not fully fund the event, i.e. the District funding should only cover a part of the cost of the event. In no circumstance shall District Funding be used as a benefit or donation to a person, event or charity, and detailed records must be kept and given to the District on the spending of funds received by the District. No District funds shall be used to purchase/furnish alcoholic beverages.

Requests for funding should be presented a minimum of 90 days before the event for consideration.

Examples of what the District will fund:

- Under 20 participants – No Payment
